

## **The assignment to Consulting Services for the Project Management Consultant of the Bataan-Cavite Interlink Bridge Project.**

Honshu-Shikoku Bridge Expressway Co., Ltd. (HSBE) joins a Joint Venture (JV) headed by Oriental Consultants Global Co., Ltd. (OCG) and the JV is awarded Consulting Services for the Project Management Consultant of the Bataan-Cavite Interlink Bridge Project from Department of Public Works and Highways (DPWH), Republic of Philippines in February 2026. HSBE dispatches two (2) engineers as a member of the JV.

[Overview of the Consulting Service]

Project Name – Consulting Services for the Project Management Consultant of the Bataan-Cavite Interlink Bridge Project

Client – Department of Public Works and Highways, Republic of Philippines

Contract Period – 82 months from February 2026

[Bataan-Cavite Interlink Bridge Project]

Construction location – Connection of Manila-bay between Bataan and Cavite provinces, in the Luzon Island.

Bridge length – 32.15 kilometers (km) including two (2) cable stayed bridges. (Marine bridge is approx. 26km)

Longest span – 900 m (Cable stayed portion)

[Background]

Considering the immense scale and complex nature of the project, DPWH requires services for Project Management Consultant (PMC)

[PMC assignment]

To assist DPWH in the overall project planning and management including management of the other consultants working in the project.
